

Salary: £40,274 per annum

Location: Wigton, Cumbria

Hours of work: 38 per week (07.30 to 15.30hrs)

Contract: Permanent

We are looking for a self motivated Electrical Engineer to join our Engineering Team to support our business to contribute to society through Greener Manufacturing and natural products.

The role involves undertaking planned preventative maintenance as well as responding to machinery breakdowns and installing new machinery and equipment.

This is a Monday to Friday role which requires a degree of flexibility to ensure that our operations remain able to function 24/7.

What We're Looking For:

- Time-served engineer ideally qualified to HNC in Electrical Engineering or equivalent
- Strong understanding of electrical engineering **maintenance and fault finding** ideally in a manufacturing or Chemical environment
- A **proactive, safety-first approach** — you take pride in doing things the right way
- Someone with a **positive, team-focused attitude**, always ready to help out and keep learning
- Alignment to our core values - Helping each other, Doing the right thing and making tomorrow better than today

What we offer:

- **Day shift hours:** 7:30am – 3:30pm, Monday to Friday
- An additional rest day every 4 weeks
- Competitive pay and benefits package including the potential for overtime
- 9% matched pension contributions
- 33 days of holiday (including bank holidays)
- Life assurance cover
- Employee Assistance Platform - offering mental health support, well-being tools, 24/7 GP and discounts
- Paid flu jabs and eye tests.
- Opportunities for ongoing training and development
- A friendly, supportive team culture where your contribution really matters

Additional Information:

- Occasional on-call duties may be required

Joining our team means being part of a forward-thinking business that values innovation, collaboration, and continuous improvement. If you're ready to take on a challenging yet rewarding role, please e-mail a CV and covering letter detailing your reasons for applying and how you meet the role criteria to hr.futamura@futamuragroup.com

Closing Date: Friday 5th December 2025
